

Brief CV

Name/中文姓名	Jie Zhu /朱杰	Gender	Male	
Title (Pro./Dr.)	Prof.	Country	China	
University/Department	Shanghai Jiao Tong University			
Research Area	AI and Multimedia Signal Processing			
<p>Prof.Jie ZHU received his Ph.D. degree in information system from Shanghai Jiao Tong University, China. He is the Shanghai distinguished young teacher award winner. In 1988 he began his faculty work in Shanghai Jiao Tong University, and has been a full professor in Department of Electronic Engineering since 1999.</p> <p>In the meantime, he was the visiting senior researcher of the Bell Lab in 1997, US and participate researches on multimedia communication. In 2000, as the winner of German DAAD foundation, he performed as the visiting professor of Technische Universitat Dresden (TUD),Germany. In 2007 and 2008, he was also the visiting professor of the GIST, Korea and Waseda University, Japan, and participate scientific researches. He is now the vice-director of the Signal and Systems Institute of Shanghai Jiao Tong University, the president of the East China Electronic Circuit in Colleges and Universities Research Association, the vice-director of the China Council for the Teaching of Electronic Circuits and Industry Experts. He is also the former chairman of the IEICE Shanghai section (May.2013-May.2019),He has won more than ten awards.</p> <p>His research interest is wide and deep, which includes speech signal processing, artificial intelligence and deep learning, multimedia and telecommunication signal processing, high-speed network and capacity testing. In the recent decade, he has participated or been in charge of more than 50 projects, including the NSFC, 973, advanced research of national defense, international and business cooperation projects. He has supervised over 30 PhD.students, published 200 more papers and two books, and 15 invention patents.</p>
